DURACELL PROCELL AA ALKALINE BATTERIES

APPLICATIONS

Incorporating the latest battery technology, such as a Super Conducting Graphite (SGC) cathode, Duracell Procell is the perfect power solution for use in professional equipment such as:

- Torches/flashlights
- Safety equipment (such as gas detectors)
- Microphones & communication devices
- Telemeters & measuring instruments
- Medical instruments (such as infusion pumps, blood pressure monitors & pulse oximeters).

OUTSTANDING PERFORMANCE AND RELIABILITY

- Procell batteries provide long-lasting power & outstanding performance.
- Each battery is tested for voltage and leakage before release to ensure dependable power – even after up to seven years of storage.
- Can operate in temperature extremes between -20°C and +54°C.
- Dependable power for professionals' devices
- Mercury free
- Date coded to insure freshness

PRICES EFFECTIVE SEPTEMBER 1ST – SEPTEMBER 30TH 2013
