SECTION 3 — HAZARDS IDENTIFICATION

EYE CONTACT: Product is moderately irritating to the eyes.

SKIN CONTACT: Product is moderately irritating to the skin. May cause skin sensitization. Skin sensitization may be evidenced by rashes, especially hives.

INHALATION: Because of its low volatility this product is not likely to be an inhalation hazard.

INGESTION: This product is considered to have a low order of acute oral toxicity.

AGGRAVATED MEDICAL CONDITIONS: Pre-existing skin and eye disorders may be aggravated by exposure to this product.
Pre-existing skin or lung allergies may increase the chance of developing increased allergy symptoms from exposure to this product.

HEALTH HAZARD INFORMATION:

CARCINOGENICITY: The materials used in the manufacture of this product are not found on the OSHA, IARC or NTP lists of carcinogens.

OTHER HEALTH INFORMATION (EPOXY RESIN)

CHRONIC STUDIES: Recent 2 year bioassays in mice exposed by the dermal route to epoxy resin, the DIGLYCIDYL ETHER OF BISPHENOL A (DGEBA), or to resins predominantly of DGEBA have yielded very limited evidence of weak carcinogenicity. DGEBA is a component of the resin in this product. The authors of this work concluded that the renal tumor evidence with this resin "was of no biological significance" and that the resin "is not a systemic carcinogen when applied to the dorsal skin CF 1 mice." IARC concluded that DGEBA was not classifiable as a carcinogen (IARC GROUP 3), based on the following: HUMAN AND ANIMAL EVIDENCE BOTH INADEQUATE.

MUTAGENICITY: Both the resin and DGEBA, have proven to be inactive when tested by in vivo mutagenicity assays. They have both shown activity by the in vitro microbial mutagenicity screening and have both produced chromosomal aberrations in cultured rat liver cells. The significance of this information to man is unknown.

SECTION 4 — FIRST AID MEASURES

EYE CONTACT: Flush eyes with plenty of water for 15 minutes while holding eyelids open. *GET IMMEDIATE MEDICAL ATTENTION.*

SKIN CONTACT: Remove contaminated clothing and wipe excess from skin. Flush skin with water. Follow by washing with soap and water. If irritation occurs, get medical attention. Launder contaminated clothing. Destroy leather articles including shoes.
